

Landscape Concepts Management, Inc.

Construction Supervisor

Aurora Office Location

LCM has earned a reputation as the Midwest's premier landscape contractor. We have the LCM advantage; we are your single source for all landscaping needs. Our dedicated staff of certified experts ensures a proactive, responsive approach to servicing your needs and a strong commitment to quality. Our firm does more than maintain landscapes, we embrace the vision of our clients and exceed their expectations, providing long-term solutions that "create landscapes for life".

PRIMARY PURPOSE OF JOB: Supervise landscape construction, renovation projects, and supervise and participate in snow removal operations.

RESPONSIBILITIES will include but are not limited to;

- Coordinate purchasing, pick-up and delivery of materials
- Training of crews/foremen, to include safety, processes, etc.
- Quality control
- Assist account managers in estimating projects
- Process and approve crew time sheets
- Oversee multiple projects
- Supervise and participate in snow operations during winter months

REQUIREMENTS:

- 3-5 years of experience in Green Industry maintenance/construction, including install of both soft- and hard-scapes
- Driver's License (CDL a plus)
- Bilingual Spanish/English required
- Good communications and organization skills, e-Mail and phone skills
- Computer proficiency in programs such as Excel and Word.

PREFERRED:

- CLT or CLP a plus
- Pesticide license a plus

This job description does not list all the duties of the position.

Opportunities are also available in our Grayslake, Chicago, and Bristol WI Locations.
