

WE WANT YOU TO WORK WITH US!

We are a multi-state landscaping company operating in the Midwest, serving commercial sites, retail & mixed-use properties, homeowners' associations, multi-unit rentals, educational & healthcare facilities and government agencies. We enhance curb appeal, promote occupancy, and increase the aesthetic value of customer properties, Creating Landscapes for Life.

We have an opening in our Irrigation Department Irrigation Service Technician Aurora/Chicago/Huntley Area

RESPONSIBILITIES will include but are not limited to:

- Properly estimate time and material required for repairs
- Communicate with account managers/property managers to explain repair situations
- Proper completion of daily time sheets/service orders and record keeping
- Maintain inventory of equipment and cleanliness of truck, trailer and job sites
- Manage and direct laborers as needed
- Perform repairs in a timely and efficient manner

REQUIREMENTS:

- Minimum of 3 years' experience
- Knowledgeable in the use of Electrical Test equipment
- Experience with Lake Pump, Pump Stations and Well Systems
- Experience with 2 Wire Systems
- Valid drivers license (CDL a plus)
- Bilingual (a plus)
- Irrigation Association of Certification (a plus)
- Minimum 75 # lifting requirement

Start a budding career with Landscape Concepts Management & work with others with the same passion for creating landscapes for life.
